

AR Filters Oval Nanoweb FR Air Filter Cartridge AR/362867NWFR

Product Overview

The AR Filters Oval Nanoweb FR Air Filter Cartridge is engineered for superior dust collection performance in industrial filtration systems. Manufactured using premium European-imported Nanoweb FR filter media, this cartridge delivers exceptional filtration efficiency, low pressure drop, and extended service life.

Its oval design maximizes filtration surface area while maintaining a compact footprint, making it ideal for modern dust collection systems operating in demanding industrial environments. The flame-retardant media enhances operational safety while providing reliable filtration of fine dust and airborne contaminants.
